

## SKS Community Service Corps

Our Community Service group offers a variety of opportunities for students of all ages to get involved with helping others. We provide outings and in-school service projects as a hands-on way for students to give back to the community, reach out to those in need and have fun while doing so. An activity is planned for each month of the school year and has benefited organizations such as The Ronald McDonald House, Special Olympics, Operation Christmas Child and Cradles to Crayons. We also provide aide to our own parish senior citizens, St. Martin de Porres parish, Mercy Hospice of Philadelphia, and many others. Information about upcoming events will be posted on our website, flyers, and emails. We are always grateful for our parish and school community's generosity in helping those in need!
